Attention: Mr. Tom Munson

Subject: TD Mining S/027/080 Reclamation Plans

Dear Mr. Munson,

As per your request, I put forth the reclamation plans for Delta Minerals, Inc. (DMI) mine S/027/080 located in the Delta, UT area. I apologize for not responding sooner and I hope you find this letter acceptable. Please understand that I was out of the country from 14 DEC 2000 until 02 JAN 2001. Upon returning, I was able to review the letter sent by Mr. D. Wayne Hedberg dated 07 DEC 2000 addressed to Mr. Terry Cook, a DMI employee who has been in and out of the hospital for the past 4-6 weeks due to major back surgery and a subsequent heart attack. I am now in receipt of Mr. Hedberg's letter and I propose the following:

Delta Minerals, Inc. would like to accept the first of the three options proposed by Mr. Hedberg, meaning DMI will reclaim those areas of disturbed acreage not currently being used by DMI in order to bring the total number of disturbed acres below 5.0 acres. It has been DMI's intention to already have this reclamation finished, however, because of Mr. Cook's back surgery and subsequent heart attack, our reclamation efforts have been temporarily delayed. We are in the process of interviewing candidates to replace Mr. Cook's position while he recuperates. It is anticipated that a new production manager will be hired by the end of next week and that the proposed reclamation will be completed by 07 FEB 2001.

If I can be of further assistance, please contact me.

Thank you,

David Peterson
President
